Earth Week 2016, 17th -24th April.

Pope Francis has challenged us in our care and stewardship of creation.

In his Pastoral letter, Laudato Si, he presents an analysis of the dramatic environmental situations facing the world today. It starts and ends with a simple message: We need to look at nature and each other with new eyes. Before thinking about how we use nature, we need to recover our capacity to contemplate it, and give praise to God for its and our existence.

Participating in EARTH WEEK 2016 can be the beginning of our journey,

To Do

- **Children’s Art /Photo Competition**
- **Say the grace before meals**
- **Pick up the EARTH WEEK Sheet at the back of the church**

Flor McCarthy for IFA President:

We salute Flor’s record of service and leadership to farmers, Agriculture and Rural Development in community, county, country and EU across the years.

We delight in his bid for IFA Presidency and his leadership pitch to rebuild the organisation and its reputation; his record of achievement and delivery on behalf of farmers fits him well for the role of IFA President.

Best wishes to Flor, his family and support team in travel and on the canvass in the weeks ahead.
