World Meeting of Families 2018 - What are your hopes?

It was Pope Francis himself who personally chose Ireland as the venue for this the 9th WMOF. He also gave us the theme 'THE GOSPEL OF THE FAMILY: JOY OF THE WORLD.'

He has a way with words, with people, with children, with youth and he 'gets' family life. He understands that as families we are all doing our best for each other and for our children - - - he also understands that most families are not perfect.

Please God what he says and does on his visit will positively challenge us as parents and priests. He will encourage and inspire us in how we might better transmit the beauty of the faith to our children and within our families.
